 - Energy concepts and simulations
 - HVAC Optimizations
 - Energy & Environment
 - Energy efficiency in industry
 - Energy efficiency for real estate and mobility
 - Energy audit and energy management
 - International Energy Consulting
 - Facility Management Consulting
 - Validation and verification

ALLPLAN GmbH

FACTS & FIGURES

Accreditations:

- World Bank
- European Bank for Reconstruction and Development (EBRD)
- Central Consultancy Register of the European Commission

Lecturing / Teaching:

- FH Pinkafeld - "Benchmarking building technology"
- FH Kufstein - "Energy Efficiency"
- FH Campus Wien - "Energy-Optimized Construction"
- Chamber of Commerce - Training as European Energy Manager (EUREM)
- Seminars on energy efficiency, building technology and building physics

Research & Innovation:

- Resource efficiency
- BIM (Building Information Modelling) in the building services planning
- Simulation on building component activation
- Buildings as energy storage

Certifications:

ISO 9001 Quality Management
ISO 50001 Energy Management

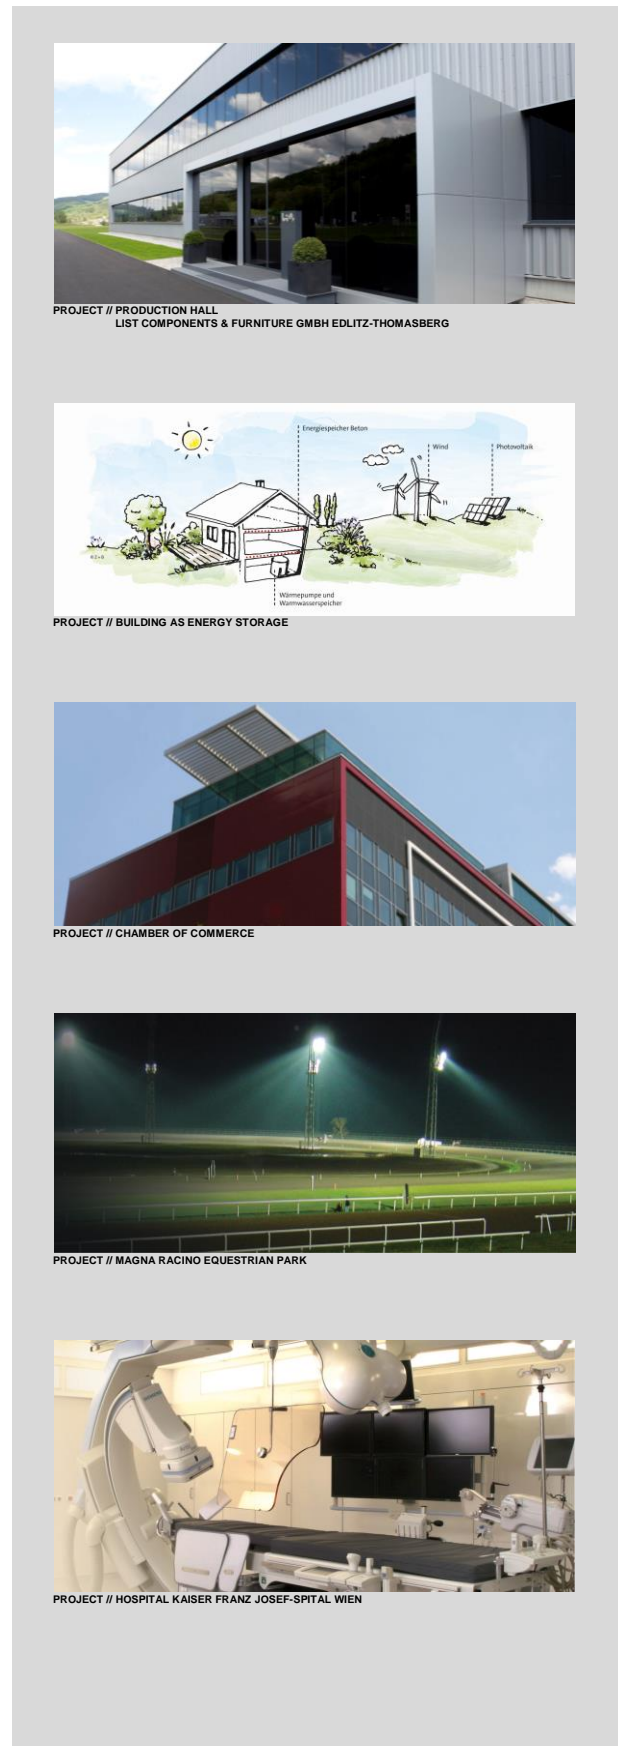

Customer:

ALLPLAN currently manages around 200 projects, 80% are located in Austria. Customers include:

- International Financial Institutions (World Bank, EBRD or EU funding programs)
